Rapid Valley Sanitary District - Water Service

Owner

4611 Teak Drive

Rapid City, SD 57703

Address

Separate sealed Bids for the construction of

**High-Level Booster Pump Station** - Project includes complete 12' x 22' prepackaged vertical turbine water booster station with two (2) 800 GPM pumps. Project also includes approximately 40' of 16" PVC suction header and 600' of 12" PVC water main to connect to existing high service zone water distribution system. Necessary site work includes but is not limited to grading/excavation, concrete curb and gutter, asphalt concrete surfacing, precast/engineered block retaining wall, misc concrete drain pans, drainage manhole modifications, traffic control, surface restoration, seeding, fertilizing, and hydro-mulching. Electrical work consists of completing 3-phase electrical service to the water booster station including but not limited to coordination with West River Electric Association, utility trenching and installation of primary conductors, pad mounted transformer, SCADA antennae pole, ct can, meter socket, and necessary PVC conduits when specified.

will be received by Rapid Valley Sanitary District - Water Service  
at the office of Rapid Valley Sanitary District - Water Service, 4611 Teak Drive, Rapid City, SD 57703

Until 2:00 P.M. MDT, September 20, 2011, and then at said office publicly opened and read aloud.
